

Assignment Test

Use Comfy to Create a Picture of a Family Eating Ice Cream

(This can be based on uploading of whole family pictures or individual photos of the family members)

User Flow:

Step 1 : Input Whole Family picture/ Individual members of the family.

Step 2 : Output family eating Ice cream in water colour style. (the faces have to resemble to the inputted image)

The Magical Family Photo

Insight: -

With busy schedules, conflicting priorities, and the takeover by technology, capturing a family picture has become the biggest challenge ever. Someone or the other is always missing from the picture.

Execution: -

We use AI to create the perfect family photo that has everyone in it in your favourite moment of togetherness.

How? Just upload pictures of all your family members and chose the moment and tadaa, magic! There is the perfect family picture, with just a small addition. They are all enjoying Alpervie together! It's a shareable and lovable.
